From the Corridors of IB

FELICITATION of the STALWARTS at IIS

Change in leadership witnessed a dynamic transformation at IIS Mansarovar, when a welcome initiative was taken on 29 May 2026 by the Chairperson Mr. Amit Gupta and CoChair & Director, Mr. Sumit Gupta to validate and acknowledge the contribution of the resilient staff members who've been with IIS through thick and thin in the past thirty six years. 73 staff members from amongst the faculty, the admin and the support staff from a range of 10 years and above were pinned badges by the Chairperson himself.

Remembering the founder patron Dr. Ashok Gupta Sir, the Chairperson assured the staff that their commitment and reliability will not go unnoticed. The Principal, Ms. Nidhi Mishra, on behalf of the IIS staff expressed her heartfelt gratitude for this thoughtful initiative. This mindfulness has ignited the staff members to rise to the occasion and give their best to the institution.

STAFF CAMARADERIE

Celebrating Togetherness Before the Break

A remarkable display of unity and warmth was seen among the staff of IIS as they gathered before the onset of vacations. The faculty came together not merely to celebrate, but to cherish moments of laughter, reflection, and shared joy – embracing a brief pause to rejuvenate with family and return with renewed energy for the journey of teaching and learning. IIS is known for the healthy camaraderie and the congenial environment it gives to its faculty.

WORLD ENVIRONMENT DAY 2026

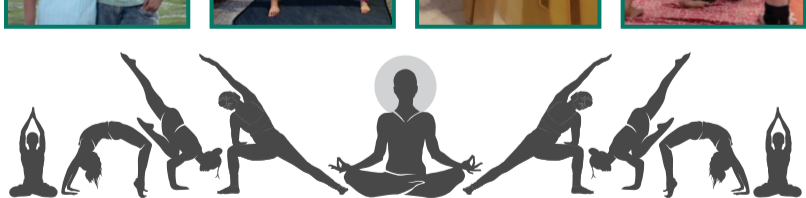

Inspite of the summer break, IIS kept the spirit of environmental care alive. Before vacations, students were guided to understand that protecting Mother Earth is a shared responsibility we cannot postpone. With the theme "Nurture to Bloom: Every Sapling Counts", each student planted a sapling at home and pledged to nurture it with care until it was ready to be replanted in soil – a small step towards a greener future. In her address, the Principal Ms. Nidhi Mishra inspired the school community with her message, "Empowering Change through Sustainable Solutions." She called upon students and families to act with purpose and mindfulness, stressing that real change begins when carelessness ends and each of us commits to doing our part for the planet Earth.

INTERNATIONAL YOGA DAY WITH THE FIRST HERO

The International Yoga Day was celebrated at IIS on 21st June 2026 with students and staff. Everyone participated in yoga asanas, breathing exercises and meditation. It was a calm, refreshing start to the day – promoting health, focus and togetherness.

The Junior IISians took to the Champion and Hero of their life and celebrated this Fathers' Day cum Yoga Day at home. These dainty saplings posted pictures and videos to friends, mentors and on social media. Students took pride of their belongingness by capturing moments and making life long memories. Long live the fathers and long live this bonding. IIS wishes them the best in life.

WHY ib HAS AN EDGE?

IB nurtures **inquirers**, seekers of truth, With **knowledge** of the world, in all they pursue. As thoughtful **thinkers**, with judgment sound, And **communicators**, where respect is found.

With **principled lives**, in dignity they stand, With **open minds**, they embrace each land. With **caring hearts**, compassion they show, **Balanced** in spirit, where virtues grow.

As **reflective souls**, they learn each day, As **risk-takers**, they lead the way.
